

ASA Requirements

All Club Members must be registered with the ASA for insurance purposes.

Swimmers who compete in 'Open Competition' or a competition that leads to a National Final must be category 2 registered.

All category 2 swimmers must pay an additional fee on top of the Annual Membership Fee.

All non-swimmer members have to be registered with the ASA as category 3. For all members who are helpers or club officials this fee is paid for by the club. All other non-swimmer members are required to pay the category 3 fee.
