

Glossop Swimming Club End Season on a high

What a fantastic end to the 2010 swimming calendar for Glossop Swimming Club; already League Division One Champions, Glossop finished in the season in fine style by winning the Manchester & District Team Competition League Division Two Final at Broughton Pool.

The League Division Two Team competition had already been decided earlier in the month with Stretford Swimming Club just pipping Glossop for overall honours, and therefore gaining the best possible seeding for the Finals at Broughton. Wanting to make amends for their second place finish in the League Glossop went to the final with their strongest possible team.

The event started in the best possible way, with the Glossop swimmers dominating the early events. This performance continued throughout the event leaving the other teams little opportunity to challenge for the lead but to fight only for the minor places.

Glossop finished the event with a thirteen point lead over its nearest rival Saddleworth Swimming Club, giving them the overall win.

The trophy was presented to team captains Rosa Chrystie-lowe and Jake Fairbrother on the day and, fingers crossed, this result will gain the club promotion into the 2011 Division One Team competition next year.

2010 has been the most successful season in Glossop's history; if you wish to be part of a winning team, why not become a member of Glossop Swimming Club. The club is currently holding try out nights for new members at Glossop pool, details of which can be found on the website
