

Glossop Amateur Swimming Club Swimmer guide – Changing Rooms

It is important that club swimmers do not leave their clothes and bags out on the benches or in a changing cubical.

Club is generally the last session of the day and the changing rooms need to be hosed down and cleaned. This is for the benefit of us as well as other users of the pool. When things are left out cleaning cannot take place without risking wetting people's possessions!

Additionally, if things are left out swimmers in later sessions cannot use the cubicles.

Please Do Not Leave Your Stuff Out in The Changing Rooms

Please do not leave your clothes and bags out on the benches. The changing cubicles cannot be used by other swimmers and pool staff cannot clean.

Please leave benches and cubicles clear for others to use.

Please use a locker, you can even lock it if you want to!

Please Use a Locker
