

## STEADY START TO M & D CAMPAIGN

April saw the start of both the Team and Programme 'A' gala series, with very credible performances from a young Glossop team.

The opening Programme 'A' gala at Bolton saw a very spirited performance from an inexperienced team, with the ten-year-old girls and boys impressing and some strong individual performances from our swimmers. In the end our lack of depth in some of the age categories let us down and despite a resounding win in the cannon we finished a close second to last year's champions Horwich.

We have also seen two heats of the Team Programme, including our own home gala. With this programme involving more swimmers it gave further opportunities to introduce swimmers who have not competed in these events before. However, we struggled again with swimmers in some age groups, particularly the older boys, with many of the swimmers having to swim up and, despite heroic efforts by all, we finished third in the Aquabears gala and second in the Glossop gala.

The galas come thick and fast in June so please keep a check on the notice boards for details.
